

Clicker & Freestyle Weekend

With Kay Laurence

November 3rd & 4th, 2007

Bend, Oregon

Saturday -Day 1- Basic Workshop in Clicker Training:

Ideal for examining the Foundation skills. This is very interactive suitable for Foundation and Novice level, but not raw beginners in clicker or dog training. The workshop can be general and include all interests of dog training – ie obedience, freestyle, pet training, agility, assistance and working dogs etc, but this is not a suitable format for behavioral “challenges”. Mixed levels are quite successful as the range of dogs and skills are applied in different ways to each general topic.

Sunday -Day 2- Workshop in Heelwork to Music or Freestyle

Suitable for Foundation and Novice level, but not raw beginners in clicker or dog training. Foundation behaviors, working off lead, rewarding attention and focus. Basic moves & cues: circles, weaving, dressage moves, heelwork with style.

Maximum 16 dogs and handlers each day and 20 spectators

\$195 2-days \$75 per day spectators
